Keynote: Leading Through Uncertainty

7 Ways to Achieve
Resilience In an Era of Volatility

→ Moving Forward Matters

Innovative organizations succeed by mastering the pace of the new high-velocity economy. In an era of economic challenge, they develop a relentless focus on chasing opportunity!

Jim Carroll knows from experience that organizations that focus on staying ahead of fast-paced economic trends in an era of volatility are best positioned for long-term success. He's been sharing this critical insight with leadership teams since the dot.com collapse-induced recession of 2001!

In 2025, it's pretty volatile out there and uncertainty rules our future. In the context of that, it's important to focus on the long-term goal, not the short-term volatility.

→ A Focus on Opportunity

Jim's keynote focuses on how to lead through uncertainty. He shares powerful insight gathered during previous economic downturns and periods of volatility and uncertainty. Here's the key message – long-term winners are those who chose not to participate in the downturn, but instead focus on growth, opportunity and the future.

→ CEO /CxO Level Insight

Futurist Jim Carroll is regularly booked by CEOs and senior executives of major organizations to provide insight into corporate meetings. With clients like NASA, Pfizer, Siemens, Disney, and hundreds more - he knows how to set the stage with critical insight at these offsite events.

Opting Out & Moving Forward!

If you've got volatility and uncertainty now staring you in the face it's a pretty brutal time to think about the future.

But you need to be relentless on opportunity - because history has taught us that it is those who win in the long run! — Futurist Jim Carroll

→ What You Will Learn

In this keynote, Jim Carroll builds on insight captured during periods of economic uncertainty to provide a concrete foundation on which to move forward despite relentless economic volatility.

It's proven, battle-tested insight and time-tested strategies on aligning to the future despite uncertainty. In this leadership-oriented talk, Jim covers the trends that will provide for major growth opportunities through the next five to ten years.

He will also share powerful insight on how growth oriented organizations achieved stunning success despite the economic headwinds all around them through a series of deliberate decisions.

→ From Boards to Team Events

Jim shares his insight with small intimate groups of 15-20 (Boards, senior leadership teams) to large-scale corporate leadership meetings of several hundred people. He adapts his style to the audience - from highly interactive small group discussions to keynote presentations.

Walt Disney Corporation

"We were extremely pleased with Jim's presentation... the content was bang-on and would hopefully prompt people to think about the rapidity of change going on in our world! Jim's storytelling approach really helps to get his points across! He did a great job!"
